DETAILED ACTION

1. This communication is in response to the decision of the Board of Patents Appeals dated 02/24/05. Claims 1, 3-16, 18-29, 46, 48-52, 54-57, and 80-90 are pending in this application. Claim 1, 3-16, 18-29, 46, 48-52, 54-57, 80-85, and 90 have been cancelled due to a Board of Patents Appeals affirmation.

Drawings

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings filed 07/10/98 are informal, figures 1-3, 8,10-14, 19, 22-32, 35, and 36 are too dark and the shading needs to be removed and they are not in compliance with MPEP 600 and 35 U.S.C. 1.81 –1.85(c). Applicants' are **given a time period of three (3) months from the mail date of the notice of allowability within which the Applicants' must file formal drawings in compliance with 1.84 to avoid abandonment. This time period is not extendable under 1.13(a) or 1.136(b).**

Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

3. Claims 86-89 are allowed for the reasons stated herein below and claims 1, 3-16, 18-29, 46, 48-52, 54-57, 80-85, and 90 are cancelled.

4. The prior art of record (Redfern US Pat. No. 6,078,914 and "Text Search and Retrieval Examiner Training Manual for the Automated Patent System (APS)) fails to

Art Unit: 3624

teach "clustering the documents based on analysis of the full text of each document and identification of co-occurring phrases and words and conjunctions ...", "displaying suggested additional query terms for expanding the query based on terms in the documents identified in response to the query", "receiving a query and transforming the query from the form of a question into the form of an answer prior to forwarding the query to the plurality of third party search engines", "downloading the full text of the documents identified in response to the query and displaying an indication of how close the query terms are to each other in the documents" thereby discussed on pages 12-21 of the decision by the Board of Appeals dated 24 February 2005. For these reasons claims 86, 87, and 89 are deemed to be allowable over the prior art of record, and claim 88 is allowed by dependency.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Inquiries

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ella Colbert whose telephone number is 571-272-6741. The examiner can normally be reached on Monday-Thursday, 6:30AM-5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vincent Millin can be reached on 571-272-6747. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
